## *President's Message*

**“Believe in yourself,  
no matter what you choose”**

Schooling plays a vital role in shaping the destiny of a child. It assists in developing individuality of a youngster who is a building block of the social order.

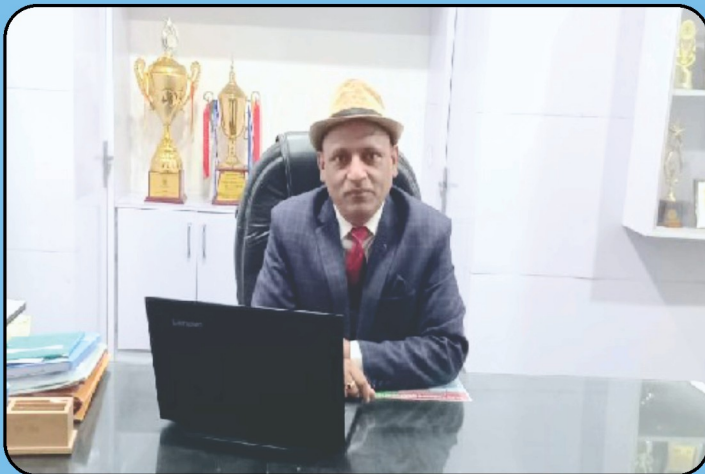

It helps to train the mind of a child by giving him/her formal teaching aids to develop empowered individuals with self-confidence & critical thinking.

We, as educational academicians, take keen initiative to provide a high standard educational system with the co-operation, determination & continuous efforts of the management & highly qualified & experienced staff.

**S. Joginder Singh**  
President

## *Message from Principal*

Goddess of wisdom Maa Saraswati keeps book in one hand and veena on the other hand. It is symbolic representation of quality education that emphasizes on academic excellence extracurricular activities & co-curricular activities, which are important elements to ensure the success in life.

It is the strength of education which enabled the country to set mile stone for the Humanity to step down on the earth during 70s while most of the countries are unable to land even robot on moon even after 40 years (till date).

Why, Mark Zukerberg, Walton-Walmart, Michael Jackson, Bill Gates top expert in their own field who changed the contemporary world and set new milestone, have come from that very country which has developed its education system and become number one in the world. [out of top 20 universities of the world, 10 universities are only in the USA.]

Progress & prosperity, of any nation is directly proportional to the quality of education. It will be beyond our imagination that how much money is being spent by America on its education system. It is 640 billion dollar annually on the education of 38 crore people while- we Indians are spending merely 7.8 billion dollar annually on the education of 135 crore people. This fact clearly shows the difference of importance of education between developed and developing countries.

School is trying its level best to provide different platforms and encouragement for the students to express their talent and become able to know in which field they can get better success. Hope school will set standard for others.

**BRAHMANAND DWIVEDI**  
Principal

## Vision

Khalsa Mont. Sr. Sec. School aims to be an institution of excellence, dedicated to empowering students with local and global perspective to develop values, principles and ethics that are respected, admired & accepted. It also encourages students to explore questions, seek solutions and express themselves confidently, thus develop skills for the future.

“Preparation of leaders for tomorrow”

“Transforming students activity into creativity”

## Mission

To shape generation who rediscover the past & invent for the future.

To create a youth force with a rich blend of tradition & modernity who value and preserve our unique cultural legacy while adapting with ease a changing world order & futuristic goals.

At Khalsa, we aim at holistic development of each student in body, mind and spirit, shaping them into strong resilient individuals ready for challenges and committed to peace, brotherhood and sustainable future for all mankind.

## Core Values

Our endeavor is to inculcate in the child a keen sense of discretion that calls for righteous action as well as acceptance of accountability and social responsibility to shape a better world.

## Curriculum

Khalsa Mont. Sr. Sec. School is an English Medium Co-educational school, which prepares pupils for the All India Secondary School Certificate Examination conducted by the Central Board of Secondary Education.

Our curriculum brings to the learners the best of both the worlds. It unites the educational approach in India and in the west, to form a programme of study that ensures a sense of identity, spiritualism, scientific understanding of their individual needs.

“Education is the passport to the future for tomorrow, belongs to those who prepare for it today”

# Aims & Objectives

## The School aims at-

- Providing a conducive learning environment.
- Ensuring promotion of rich Indian values and traditions as well as encouraging students to compete with global standard.
- Giving impetus to the students for physical, intellectual, cognitive, emotional and spiritual development, thus bringing out the best in body, mind & spirit.
- Helping the child know his strength and weaknesses & enabling him/her to overcome them besides using them to his/her optimum level.
- Enabling students to carve a bright and promising future for themselves through choice of various career options.

- Shaping future citizens who are worthy, bright, promising, committed to a righteous social order and an asset to the nation.
- Promoting National integration through uninhibited intermingling of students belonging to different castes & communities or social status.

## Facilities

### ● Classrooms :

All classrooms are spacious and well equipped with adequate ventilation, lights, fans and comfortable seats for children. The school is having Smart Classes also.

### ● Library

A well stocked Library is open to students. The School Library has ample reading materials- Reference books for all subjects, Thesaurus, Encyclopedia, Fictions etc. The school regularly subscribes to all good magazines, journals & a host of National Dailies.

### ● The Staff :

The staff is well qualified, trained, experienced and competent. Apart from imparting content knowledge of various disciplines, they act as mentors and guides providing them with Counseling and directions.

### ● NCC (National Cadet Corps)

NCC aims at developing character, comradeship, secular Out-look, discipline, spirit of adventure and selflessness among the students (Future of the Nation). It aspires to create a pool of organized, trained and motivated youth with leadership qualities. These elements are very necessary for the building of the nation, NCC also plays vital role in social service. I hope in the school, students will develop these qualities themselves and will play important role for the nation.

## Science Lab

Like a piece of iron attracted to magnet, students are also mesmerized just by the sight of science lab. The lab is well equipped. Physics, Chemistry, Biology, Computer labs are well provided with sufficient equipments, instruments apparatus, specimens etc. as per CBSE syllabi and specifications. Computer literacy is promoted through the state of the art of computer labs from class I onwards. Internet facility being available, students are encouraged to refer to the information available on net.

*"Learning beyond the class room"*

## Music & Dance:

Music is the essence of life. Keeping it in mind we have provided the students with a full equipped music room which consists of LCD and many types of musical instruments.

## Kindergarten & Primary Section

- The kindergarten section of the school holds a place, and is based in a specially constructed block aiming at providing a friendly, warm & loving atmosphere to the tiny tots.
- Hence coming to school is a joy and a delight for them.
- A judicious blend of both “The Montessori” and the new prevalent “Play Way” method is adopted in the kindergarten section. An activity based academic curriculum helps the children to learn as they play.
- An assortment of co-curricular activities like Singing, Dancing, Public Speaking, Inaction, Drawing, Painting are organized for their overall development.
- Medium of instruction is English and the tiny ones are encouraged to communicate only in this language.

### *Twinkle - Twinkle Little Star, We are the Brightest Stars*

# Rules & Regulations

- Parents are requested to bear in mind that the school attaches great importance in building sound character in the pupils. Therefore, they are expected to co-operate with the school authorities by making their children understand that a well-disciplined way of life is as important at home as in school.
- Punctuality and regularity in attendance, proper school uniform and an earnest effort towards completing assignments and an exemplary behavior in and outside the school is always insisted upon.
- Please spend quality time with your child and enquire about the activities of the school in a friendly manner and appreciate all his/her efforts.
- Talk about the next day's activities at home.
- Read the circulars and the notes carefully sent by the teachers.
- Encourage your child to be responsible about his/her belongings.
- Students are not allowed to leave the school during school hours. Leave or half day is not permitted.
- A leave application is necessary for any leave taken by the child. It has to be sent to the school, the next day child joins school back.
- No long leave of absence is granted without the prior permission of the Principal, unless the child is ill. A medical certificate needs to be submitted on joining the school. No visitor will be allowed to contact any student.
- Ensure that your child comes with two sets of clothes & footwear (labelled) (for class Nur.) for any emergency.
- Do not send any expensive items, money with your child to the school. The school will not be responsible for any loss of articles or money.
- Kindly check the uniform, nails, hair of your ward every morning. They should be immaculately tuned out daily. For boys-Crew Cut Hair/Light Blue Patka/Turban.
- Please ensure that your ward carries books & notebooks according to the Time-Table.
- Parent's attendance is mandatory at all parent teacher meetings. It is parent's/guardian's responsibility to ensure correct authentic signature on report card & any other circular which needs to be signed & in all important notices.
